

Principal's message

Welcome to Hokkaido Ashoro Senior High School official website. Please take time to view all of our great features.

All of fifty three graduates who left our school in March achieved their career goals, such as going on to higher education or getting a job. In April of 2023, which is the 74rd year since the school opened, 53 new students will be welcomed, and we will start with 170 students in total and 22 faculty members.

Based on the school motto "Respect, Creation, and Work," our school's mission is "To promote contributors to regional revitalization by closely coordinating with the local community." More than 8,800 graduates have been active in various fields nationwide.

As an African proverb says that "It takes a village to raise a child", not only the enthusiastic guidance of the faculty and staff, but also the cooperation with the public private cram school and the promotion of career education with the generous support of Ashoro Town. This regional cooperation has brought about the result of realizing the career hopes of the students.

We will continue to challenge to efforts with dialogue and collaboration as the slogan to build relationships with parents and community members. Thanks again for visiting our website. If you are new to the area, please come by for a tour. We would love to show you our wonderful school.
